Cadiz,

[Price Two-Pence.]

Cadiz, Jan. 8. There appears to be no Foundation for the Report that has prevailed for ſome Time paſt, that the King was going to re-eſtabliſh the Sending the Flota and Galloons to America; on the contrary, his Majeſty has augmented the Number of Regiſter Ships which have of late Years been employed to carry Merchandize to America in their Stead; it being found more convenient to have Regiſter Ships which go off as they find Loading, than to wait for the Parade of a large Fleet. Advice has been received by the Chamber of Commerce, that three Regiſter Ships, named the Brilliant, the Notre Dame de Roſaire, and the Triumphant, ſailed from the Havanna the 28th of October laſt, on their Return to Europe, but, in paſſing the Bahama Channel, the Triumphant ſtruck againſt a Rock; it being near the Shore, the Crew had the good Fortune to ſave themſelves, with all the Money, and moſt of the valuable Effects. We expect with Impatience the Arrival of the other two, the Cargoes whereof are computed to be worth at leaſt 4000000 Piaſtres.

Naples, Jan. 9. Their Majeſties returned here this Afternoon in perfect Health from Perſano. The King has appointed Prince Cuſtola to be one of his Council of State, in the room of the late Prince Corſini. They have lately diſcovered, in the Neighbourhood of the City of Capua, where there ſtood formerly a Temple dedicated to Jupiter, ſeveral beautiful Marble Pillars, &c. which his Majeſty has ordered to be ſent to Caſerta, in order to be uſed in the new Palace that is erecting there.

Rome, Jan. 13. On Saturday laſt, being Twelth-Day, the Pope went in great State to the Chapel in the Quirinal, and heard Maſs ſung to Muſick by Cardinal Delci, at which moſt of the Members of the Sacred College aſſiſted. They go on with great Vigour in repairing the Port of Anzio, which 'tis thought will be finiſhed next Spring. A Project is on Foot for the Erecting two new Biſhopricks in the Portugueſe Settlements in the Indies, and 'tis ſaid the Pope waits only for the Return of an Expreſs from Portugal, to carry the ſame into Execution. We have had ſuch a prodigeous Quantity of Rain fall of late in this Country, that the Waters of the Tiber are ſwelled almoſt to the Top of its Banks, which gives us great Uneaſineſs, leſt that River ſhould overflow, and cauſe the ſame Havock it did here about two Years ſince.

Milan, Jan. 16. The Hereditary Prince of Anſpach, who has reſided for ſome Months paſt at Turin, arrived here on Thurſday Night laſt, with a numerous Retinue; and is treated with great Marks of Diſtinction.

Copenhagen, Jan. 22. Yeſterday being the Anniverſary of the King's Coronation, the ſame was obſerved at Court as uſual. The Crews of the Sunderland and the Three Princeſſes will paſs in Review To-morrow or next Day before the Commiſſaries of the Marine, thoſe two Ships being ready to ſail with the firſt fair Wind for Tranquebar.

Hamburg, Jan. 26. The King of Denmark having given Orders for all his Regiments to be compleat by the Spring, ſeveral of his Danish Majeſty's Officers are arrived here within theſe few Days paſt, in order to raiſe Recruits for their reſpective Regiments. They write from Conſtantinople, that ſoon after the Grand Viſier's firſt Secretary was depoſed, he was conducted Priſoner to an old Caſtle about two Leagues from Adrianople, where he is ordered to be ſtrictly guarded.

Hague, Feb. 1. The States of this Province have continued to Day their Deliberations. Baron Knuth, Deputy to the Aſſembly of the States-General, on the Part of Overyſſel, is ſet out from hence for that Province. 'Tis ſaid the Duke of Modena has acquainted their High Mightineſſes, by Letter, that the Hereditary Princeſs, his Daughter-in-Law, was ſafely delivered of a Prince on the 4th of laſt Month.

The Anniverſary Meeting of The Society for the Propagation of the Goſpel in Foreign Parts, will be held at the Veſtry Room belonging to the Church of St. Mary le Bow in Cheapſide, on Friday the 16th of this Inſtant February, at Nine of the Clock in the Forenoon, upon which Occaſion there will be a Sermon preached by the Right Reverend the Lord Biſhop of Landaff.

DR. *JAMES*'s Powder for FEVERS, and other Inflammatory Diſtempers, publiſhed by Virtue of His MAJESTY's ROYAL LETTERS PATENT, will remove (as has been experienced in many thouſand Caſes) any continual acute Fever in a few Hours, though attended with Convulſions, Light-headedneſs, and the worſt Symptoms; But if taken in the Beginning of a Fever, one Doſe is generally ſufficient to perform a Cure. *

It is likewiſe a moſt effectual Remedy for all internal Inflammation, Pleuriſies, Quinſies, acute Rheumatiſms, and the Lowneſs of Spirits, and Uneaſineſs proceeding from ſlow and latent Fevers, which are generally miſtaken for Vapours and Hyſterics; and a ſingle Doſe remarkably ſtops the Progreſs of a Cold, and certainly prevents the ill Conſequences ariſing from that very common Diſorder, the Source of almoſt all Diſtempers.

This Powder (which is a very ſafe and pleaſant Medicine to take) is ſold by J. Newbery at the Bible and Sun in St. Paul's Church-yard, over-againſt the North Door of the Church, at 2 s. 6 d. the two Doſes, with good Allowance to thoſe who buy it for charitable Uſes, or to ſell again; and by James Eſdall, Printer, on the Blind Quay, Dublin.

* See a Diſſertation on Fevers, and other Inflammatory Diſtempers, ſold at the Place above-mentioned. Price 6 d.
